More about WAVOCC

Worcestershire Association of Voluntary Organisations in Community Care (WAVOCC) is an independent alliance of voluntary organisations who are concerned with any aspect of Health & Social Care in Worcestershire.

Its members are primarily voluntary organisations providing a variety of services such as information, day care, befriending, counselling and transport. Other members include church, health and community organisations and those providing advocacy for particular user groups.

WAVOCC is run by a committee of up to 16 Trustees representing a cross section of organisations. The committee can also co-opt people with specialist knowledge. Expressions of interest in becoming a Trustee of WAVOCC are always welcome. Nominations and elections take place annually at the association's AGM.

We work together with Local Development Agencies, Worcestershire Association of Carers and Worcestershire Association of Service Users in campaigning and lobbying to maintain service provision.

Why should my organisation join WAVOCC?

The broader the membership, the stronger the voice. In the current difficult financial climate it is even more important for voluntary organisations to unite in order to promote the needs and concerns more forcefully and effectively.

Members can voice their views on services directly to the people with influence, as WAVOCC representatives meet regularly with officers and Councillors of the County Council and Worcestershire Primary Care Trust.

WAVOCC is a member of Worcestershire Infrastructure Consortium (WIC) which 'works to increase the influence that the sector has in how public services are run'.

So sign up now, using the form overleaf to register your membership, and send a cheque or postal order for £10 (annual subscription) to: Jim Smith or Kate Pursglove at WAVOCC, Platform 1, Great Malvern Station, Station Approach, Malvern, Worcestershire WR14 3AU.
